

Fall Beautification Day of Service

Kicking off Community Service Week in Montgomery County

Saturday, October 18th | 9 AM - 1 PM*

Join us as we tackle yard maintenance projects at ten facilities around the County operated by **Montgomery County Coalition for the Homeless**.

Work to be done will vary by site, but may include:

- raking and bagging leaves
- removing dead plants and/or small tree branches
- pruning
- laying new top soil or mulch
- planting flowers
- laying grass seed
- etc.

Consider what you might do to your own yard before winter sets in and bring those skills to benefit our neighbors rising out of homelessness!
